

October Newsletter

Hello Vesey Families,

Welcome to October! We have a full week stuffed into 4 days with kids and grading day on the 6th. We want to address behaviors that are starting to pop up at recess, we will be starting a new lunchtime gaming place for kids that might need a break from the outside recess time. This would be a safe place where kids that are having a difficult time with other kids, recess in general and impulse control issues, this could be a place where they could have a calm outlet while still having fun. We would like to start with 3rd, 4th and 5th grade students but are willing to look at younger kids if there is a need. To assist us in starting this alternative play place, do you have any old board games that you might not be using? Please consider donating fun board games. Legos and puzzles that our kids might enjoy playing. Thank you for helping us start this program.

In keeping with our respect theme please talk with your child about the following:

- Please be respectful with our language- foul language and hurtful language is not appropriate here at Vesey.
- Please do not horse around in the restrooms.
- Please stay away from our desert creatures. Be safe!
- Please stay in your grade level area at Parent Pick Up. Please do not shout or horse around in the lunchroom.
