IV. Reports

REPORTS TO REVIEW	Principals Report/State of the school
DISCUSSION	Covid closure change if anyone test positive in the household the whole household must quarantine. We do have some positive cases going around, doing the best we can to reduce risks of exposure. Canvas is an opportunity for students to receive online instruction while in quarantine, through referral by Mrs. Troia, school will check out a device to that child, or can receive work from the teacher. Encouraging vaccinations to prevent the spread. We are now calling close contact cases, as Pima county was unable to report in a timely fashion. Transition back has

	been very good. Staff and students are very happy. Pick up procedures now in place is currently working and getting faster, as we have 300 more students being picked up instead of bused. Core focus on a group of students through MTSS.
